Punjab is witnessing floods for the second time in just over a month. Several parts of the state were affected by rainfall while paralyzing daily life. Nishkam's associates along with the dedicated team on the ground, are working tirelessly to provide immediate relief and support to those affected. We are providing vital aids/essential life-saving items comprising medicines, ration kits, cattle feed, tents and food. We stroll around narrow village lanes to dinghies/small boats in water and supply trucks on the ground while leaving no stone unturned in serving humanity.

DENSO

Name: Kamaljeet Singh Hunjan

Roll No: 20180776

Work: Mechanical Engineer with DENSO

Haryana Pvt. Ltd, Manesar, Gurgaon

Education: B.Tech. Mechanical Engineering

Kamaljeet was born in Ludhiana. After the death of his father, a big question mark was placed deliberately for the family's existence and survival. His mother got a job in a private school as a Teacher and one can imagine the salary of a primary-level school teacher in India who's to run the household and education of two children. Fiercely protective, his mother shielded him from all of life's tribulations.

He was just 8 years old and his sister was just 5 years old when they lost their father. After completing his schooling, Kamaljeet managed to secure a good score in the engineering entrance exam and luckily got a break in Guru Nanak Dev Engineering College in Mechanical Engineering but his family had no idea how to meet the expenses. Kamaljeet shared the problem with one of the professors in the college and got a direction to apply for the SHDF Scholarships through Nishkam. He fulfilled the requirements and achieved the help three times. He completed his engineering with the help of the SHDF scholarships.

"SHDF has helped so many of us without expecting anything in return. This is the most divine deed." Kamaljeet expressed. He is currently working as an Engineer in DENSO Haryana Pvt. Ltd, Manesar, Gurgaon after getting the campus placement and supporting his sister in her studies. Kamaljeet is hopeful of becoming an Entrepreneur in the Mechanical arena. He equally thanked Nishkam and SHDF for transforming his life.
